

Resolution Supporting U.S. job creation by supporting American made products

Supporting U.S. job creation by supporting American made products

August 15, 2009

Whereas, due to the current deep recession, President Barack Obama and most of the Congressional members are urgently endeavoring to create millions of jobs for unemployed Americans; and,

Whereas, the buying of American made products results in creating jobs for our unemployed workers; and,

Whereas, jobs lost to foreign countries, have left millions unemployed in the U.S.

Now, therefore, be it resolved, that the Arizona State Democratic Party urges the American public to buy American made products, which will create millions of new jobs in America.
